

# AgilePlans® by KVH

## TracNet™ Coastal

### Equipment Labeling Instructions

The following instructions explain how to label a TracNet Coastal system, including the antenna and BDU (Hub or PoE injector) that comprise the AgilePlans installation.

*NOTE: In all cases, once the adhesive label is placed, press firmly so that it adheres to the surface.*

#### IMPORTANT!

The installer **must** label the equipment as shown. This is a required step in an AgilePlans installation.

Figure 1: “Property of KVH” Label (Example)

## Label the Antenna

Label the antenna “Property of KVH” in the location indicated below.
